

DIY Tree Skirt Sewing Instructions

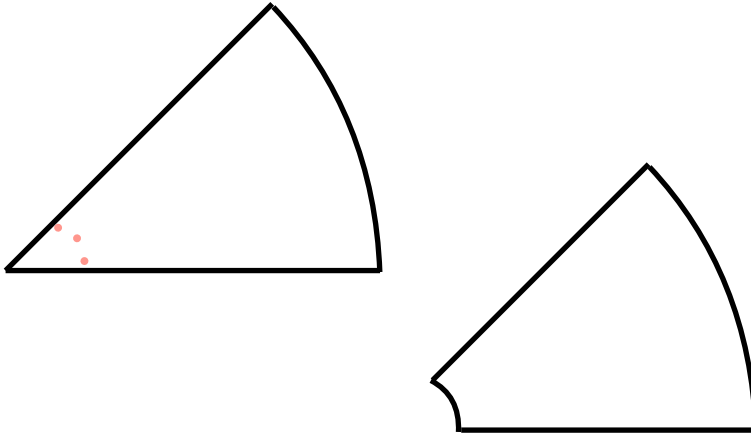

Step 1: Take butcher paper and a pencil with string tied to it and make 1/4 of a circle 24" x 24"

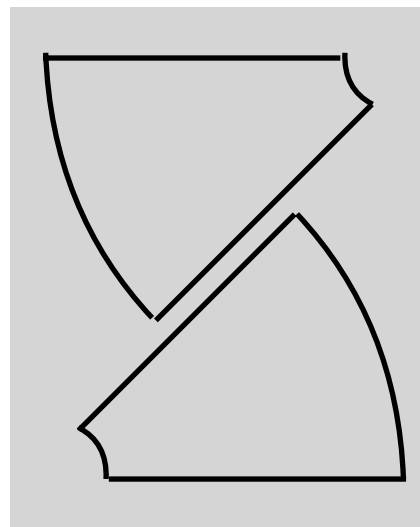

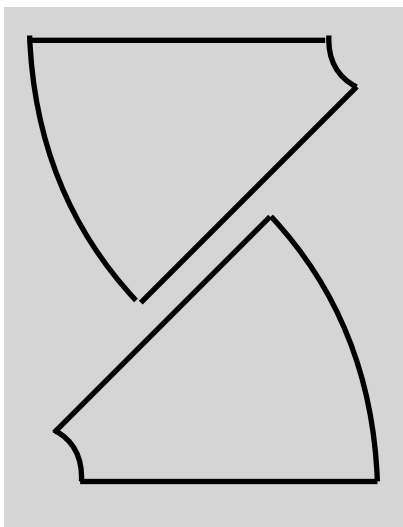

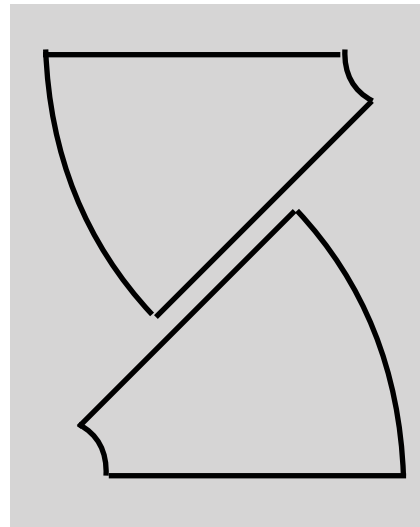

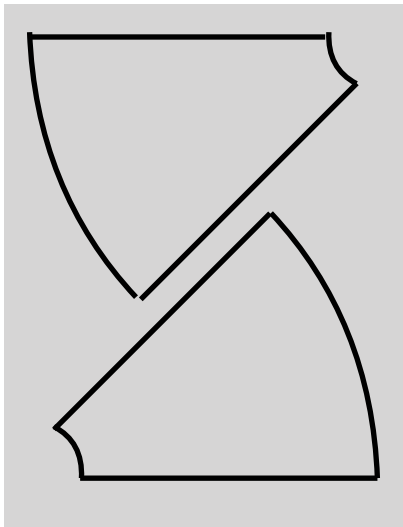

Step 2: Cut the 1/4 of a circle out and fold in half on the dotted line and cut in half along dotted line.

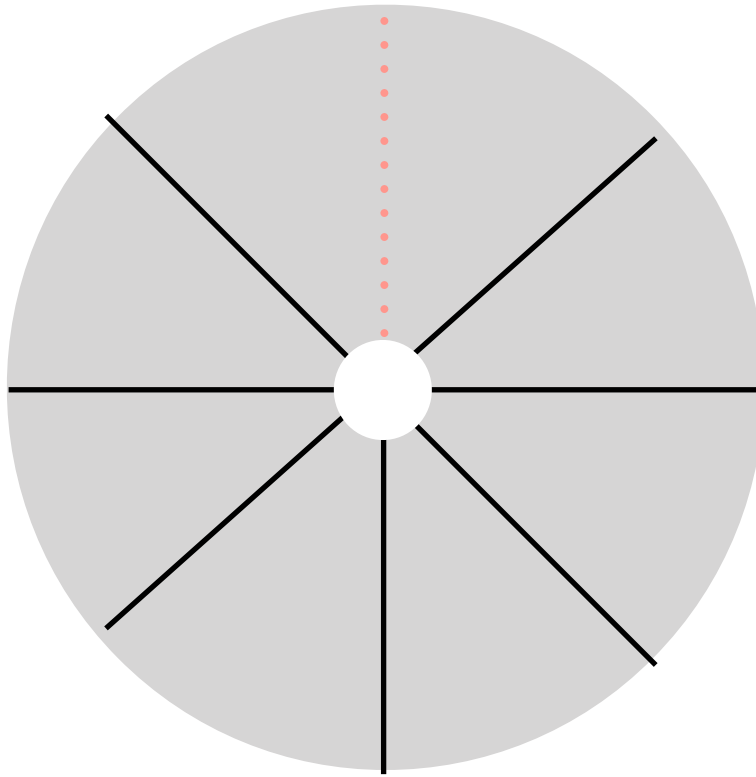

Step 3: Measure 3" from the short end and cut off the tip.

Step 4: Place your cut out paper on the fabric and trace out so your cut out. Repeat step with muslin backing.

Step 5: Stitch 7 seams piece together leaving one seam open so it's able to wrap around the tree - see photo below.

Step 6: Lay out your muslin fabric and size/fit to the back of the tree skirt. Remember to leave one seam not stitched.

Step 7: Finish the raw outside edges by folding to the underside and stitching.

****Optional:** Take scrap fabric and add 3 loops to one seam and add 3 ties to the other seam
